DETAILED ACTION

Priority

1. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Korea on June 9, 2000, and on the international application (PCT) filed on June 8, 2001. It is noted, however, that applicant has not filed a certified copy of the foreign applications as required by 35 U.S.C. 119(b).

Allowable Subject Matter

2. Claims 1-9 are allowed.

3. The following is an examiner's statement of reasons for allowance: The closest prior art fails to disclose a motivation for using a cell unit including a volta cell surrounded by a metal coil and housed in perforated ceramic for obtaining infrared rays, and connected to a second perforated ceramic housing containing a conductive lump, for purifying water. The prior art also fails to suggest a method of purifying water using the above described device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The reference to Davies (4,917,782) discloses an electrolytic liquid purifier.
